#### All Faiths Children's Advocacy Center

We are the trusted advocates for children and their families affected by trauma. We focus on the prevention, intervention, investigation and treatment of childhood trauma. As a Children's Advocacy Center(CAC)

accredited by the National Children's Alliance we provide a child-friendly facility where law enforcement, child protection, family advocacy, therapy, and training offer children and their caregivers safety and a road to healing and recovery.

Childhood trauma is a public health issue. We approach healing and recovery through a trauma sensitive lens by recognizing the widespread impact of trauma and its lasting impact upon a child's mental, physical, social, emotional, and spiritual well-being. Trauma has no boundaries with regard to age, gender, socioeconomic status, race, ethnicity, or sexual orientation.

All Faiths Children's Advocacy Center is recognized for our expertise in forensic services, family advocacy, therapy, and professional development training to law enforcement, educators, municipalities, and human services professionals in New Mexico.
