Parent Organization

The Grief Center

The Grief Center (GC) of New Mexico's mission is to provide compassionate and safe support, understanding, healing, and hope to the grieving community. Our vision is that all grieving people will receive the compassionate support needed to foster hope for the future. CG is the only organization in Central NM addressing the needs of at-risk families and adults in order to mitigate the many negative outcomes associated with unsupported grief.

To eliminate barriers for vulnerable families in our communities to receive support, services are provided at no cost so that children, teens, and adults are never turned away from receiving resources and support to help them thrive, succeed and achieve their full potential.
